Full Stack Developer

Python | Django | DRF | JS

Experienced software developer with over 5 years of expertise working in multinational team environments. Proficient in multiple programming languages, I have a proven track record of delivering impactful projects across various industries. I have created and contributed to over 35 open-source projects, demonstrating my commitment to the developer community and continuous learning. My skill set includes optimizing workflows, improving system efficiencies, and fostering collaborative environments that drive success. I am passionate about leveraging technology to solve complex problems and enhance user experiences.
